                                                    Power Chain Saw Engine Oisplacement (1970)
Timing of Power Chain Saw Engine Ignition (1970)
                                                                                                                                              PSM A
                                                                                                                                                       D1.1-70
                                                                                                                                              PSM A
                                                                                                                                                       T1.1-65
                     Safety Std. for Gasoline Engine Driven Power Chain Saw (Used Primarily for Cutting Wood) (1970)
                                                                                                                                              PSM A
                                                                                                                                                       S1-70
                                            Abbreviations for Power Chain Saws (1970)
                                                                                                                                              PSM A
                                                                                                                                                       A2.I-66
                                      Guide Bar Capacity for Power Chain Saws (1970)
                                                                                                                                              PSM A
                                                                                                                                                       B1.1-61
                                    Plunge Bow Capacity for Power Chain Saws (1970)
                                                                                                                                              PSM A
                                                                                                                                                       B 2.1-66
                                      Conversion Factors for Power Chain Saws (1970)
                                                                                                                                              PSMA
                                                                                                                                                       C2.1-65
                                             Fuel Mixture for Power Chain Saws (1970)
                                                                                                                                              PSM A
                                                                                                                                                       F1.1-65
                                Noise Level Measurement of Power Chain Saws (1970)
                                                                                                                                              PSMA
                                                                                                                                                       N1.1-66
                        Noise Octave Band Measurement of Power Chain Saws (1970)
                                                                                                                                              PSMA
                                                                                                                                                       N2.1-67
                                                  Positions of Power Chain Saws (1970)
                                                                                                                                              PSM A
                                              Cutting Rate of Power Chain Saws (1970)
                                                                                                                                              PSM A
                                                                                                                                                       R1.1-65
```

```
Chain Speed of Power Chain Saws (1970)
                                                                                                                                                                   PSM A
                                                                                                                                                                               S2.1-70
                                                 Spark Arresters of Power Chain Saws (1970)
                                                                                                                                                                   PSMA
                                                                                                                                                                               S3.1-65
